Kochia Hill

Takeshima Fantasy Museum

Sagano Bamboo fores

Shimanami Kaido Bikeway

Henn- Na hotel

Wisteria tunnel

Description

The sound of swaying stalks in this stunning grove has been named a governmentally recognized sound.

No.

An exquisite tunnel of cascading flowers. Every autumn, this hillside is ablaze with

red summer cypress. The world's first hotel to be run by robots.

The 43-mile route crosses through six islands with gorgeous views of the Seto Inland Sea.

Shells collected from over a hundred different countries line the walls, floors and ceilings of this fantasy museum.
