## Patterned Paper Weaving

We will do a pattern using paper weaving by following the instructions given. Materials required for this is white card board, scale, pencil, coloured paper strips, glue.

### Instructions

- 1 On a card board of your preferred colour and size 6x6 mark the borders and 6 equal width strips. Cut the strips using a knife and stopping where the borders are marked.

- 2 For the first row take a strip of paper from below the base sheet bring it over the 3rd strip and take it down. Bring it back over the 6th strip and take it down.
- 3 For 2nd row take it over the second strip and move it down. Later take it over the 5th strip and take it down.
- 4 For the third row take the paper strip from below and over the first cut and take it below. Later take it over the 4th cut and take it below.
- 5 4th row is repetitive of 1st row, 5th row is repetitive of 2nd row and 6th row is repetitive of 3rd row.
- 6 Once done glue all the free ends of the paper strip below the base sheet.
