Colour Mixing

Use primary colours red, blue and yellow in the given space below. Mix both the colours by using an icecream stick or a brush and find the new colour. Write the name of the colour in the space provided.

red	+	blue	=	<input type="text"/>
yellow	+	red	=	<input type="text"/>
Blue	+	yellow	=	<input type="text"/>

Make patterns using only these new colours you created.
