Visual Arts: Make A 3d Snail

Let us make a 3d snail out of 2d paper. Are you interested in making it? Here you go! With the help of an adult, cut along the dotted lines given below. Fold along the line given in image 1 and stick it to strip 2 at the tail end of the snail. Colour and decorate the snail's head and roll the strip 2 horizontally to make a rolled paper snail. Get creative!!!
