Date:

Solar System - Bingo

Play bingo as a team/family game. You have been given calling cards with ten astronomical names. Cut the bingo playing blocks and distribute them to each player. One person calls the name from the card and if that object is placed in your block, then strike it off. You get a point for striking off each row, column, or full block.

MERCURY	VENUS	EARTH	MARS	JUPITER
SATURN	URANUS	NEPTUNE	SUN	MOON
