## Egypt : Geography

The physical geography of Egypt is mostly dominated by its national river, Nile. This country has mainly six regions : Nile Valley, Nile Delta, Western Desert, Eastern Desert and the Sinai Peninsula. It has varied coastlines. The coastlines are on the Mediterranean Sea, the Nile and the Red Sea. Except for this, Egypt borders Libya to the west, the Gaza Strip to the northeast, Israel to the east and Sudan to the south. On the map, mark the coastlines and borders of Egypt, using the keywords given below

Mediterranean sea

Red Sea

Sudan

Nile

Libya

Israel
