## Visual arts: Trace a shadow

Do you know what shadow is? Shadow is a dark area on a bright surface. Let us learn to trace a shadow using your favourite animal toy by following the steps. Paste the picture of shadow after drawing it in the space given below.

Step 1: Place your drawing paper on a flat surface outside in the sun.

Step 2: Place an animal toy at the bottom of the figure.

Step 3: Once the shadow appears take your pencils or crayons and trace around the shadow.
